

MIBE
GRADUATE
SCHOOL
FOR
NURSES

TOGETHER WE CAN!

MIBE Graduate School for Nurses (GSN) has been equipping students in Indore, India to become educators, administrators and leaders in nursing since 1945. Historically, the Women's Missionary Society (WMS) has supported the school in various ways.

Last year, Indore experienced heavy rains. The school building was badly damaged with flooded classrooms and major damage was done to the hostel. For the safety of the students they were moved to another building.

The GSN needs to build a tin roof for the school building to help prevent further damage and to ensure the safety of the students. This project will help the school continue to equip students for their future.

TOGETHER with WMS groups, congregations, and mission-minded people
WE CAN make a difference.
